

## Dräger X-plore® 6530 Full Face Mask

Especially durable with wide panoramic view: Dräger X-plore® 6530 is an exceptional full face mask for professional use in the most versatile applications.

## Benefits

---

### Safe and comfortable fit

A double sealing frame with threefold sealing edges offers safe protection and a secure fit for almost all face shapes. The mask body from durable EPDM ensures a great level of wearing comfort even during prolonged use.

---

### 5-point harness

The comfortable 5-point harness ensures that the mask is easy and quick to don. Additionally, the wide strap design prevents the development of pressure points on the head.

---

### Large field of vision

The distortion-free lens with 180° wide angle guarantees a large field of vision with excellent peripheral vision. The lens is made from impact-proof polycarbonate with either a plastic or stainless steel lens frame available.

---

### Simple servicing and logistics

One universal size simplifies logistics and storage. An inside barcode allows for ease of recording and servicing the mask inventory.

---

### Efficient ventilation system

The efficient ventilation system with separate interior half mask ensures a fog-free lens and unobstructed view.

---

### Clear voice communication

An integrated stainless steel voice diaphragm facilitates good communication.

---

### Versatile use

The Dräger X-plore® 6530 is equipped with an Rd40 connection (40mm threaded) for use of the Dräger X-plore® Rd40 filter series.

## Accessories

### Dräger X-plore® Rd40 Filters

Whether used in chemical industry or automobile industry, shipbuilding, metal processing industry, or by public utility services—for decades Dräger respiratory protection filters have been a synonym for experience and safety worldwide. They clean breathable air from contaminants in a low-cost and effective manner.
